Plastic furniture components

COLOMBO GIANPAOLO has operated since 1986 in the **plastic injection molding**.

We manufacture components for many different industries and sectors from cosmetic products to plastic gardening components.

In the last years the company focused on the **production of plastic furniture components**.
Our current production consists of:

- INSERTS
- ADJUSTABLE GLIDES
- BUFFERS and OTHER COMPONENTS

Our production is **very competitive** and **the ratio** between **quality and price** is exceptional.

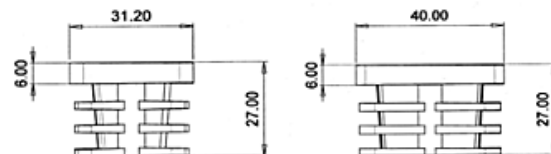

All our components are developed together with other companies specialized in designing, developing and mold manufacturing.
